

Algem vision and 2024 roadmap

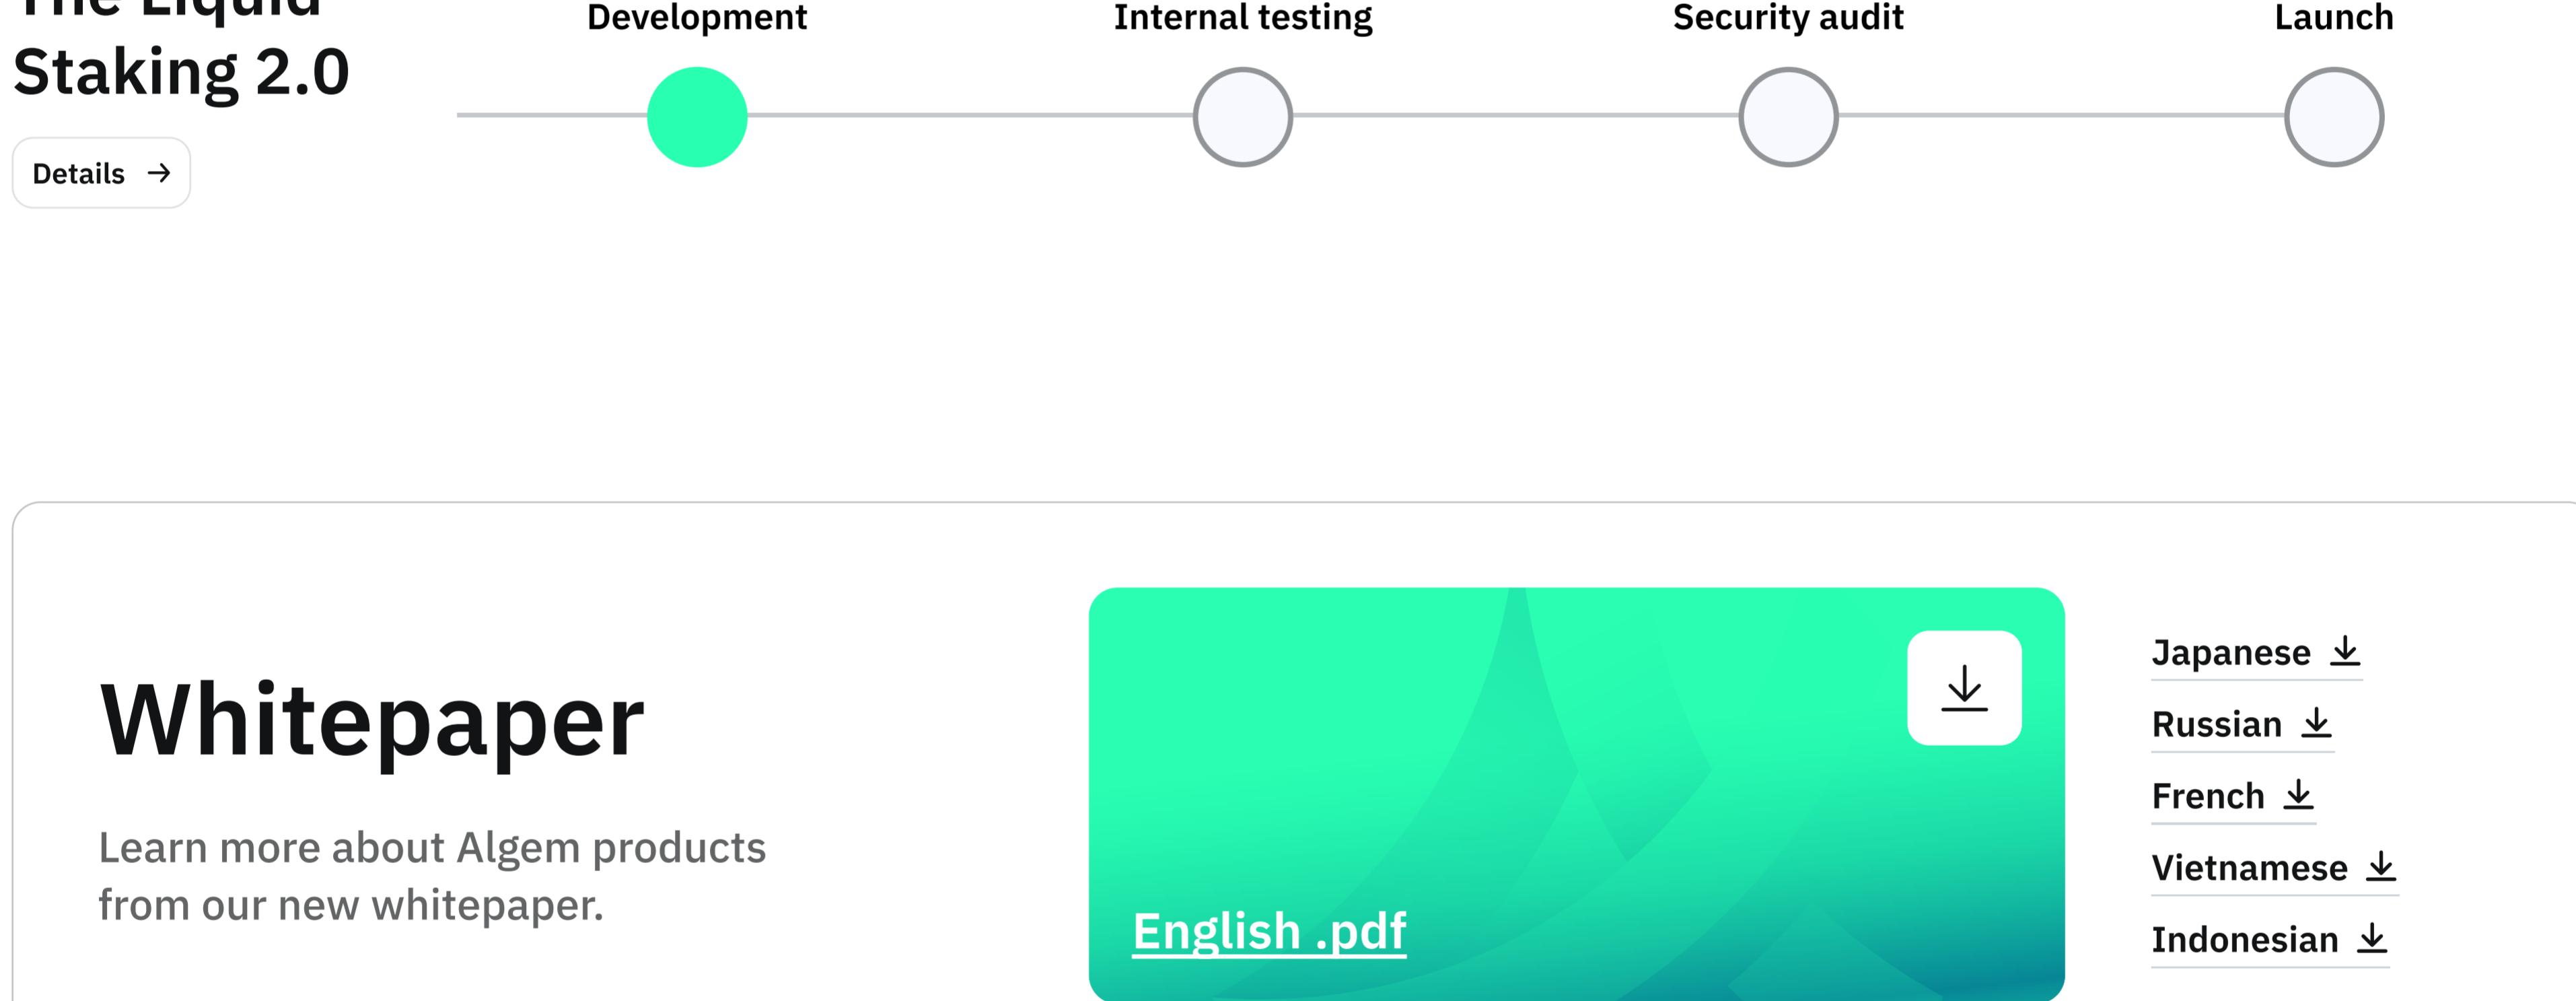

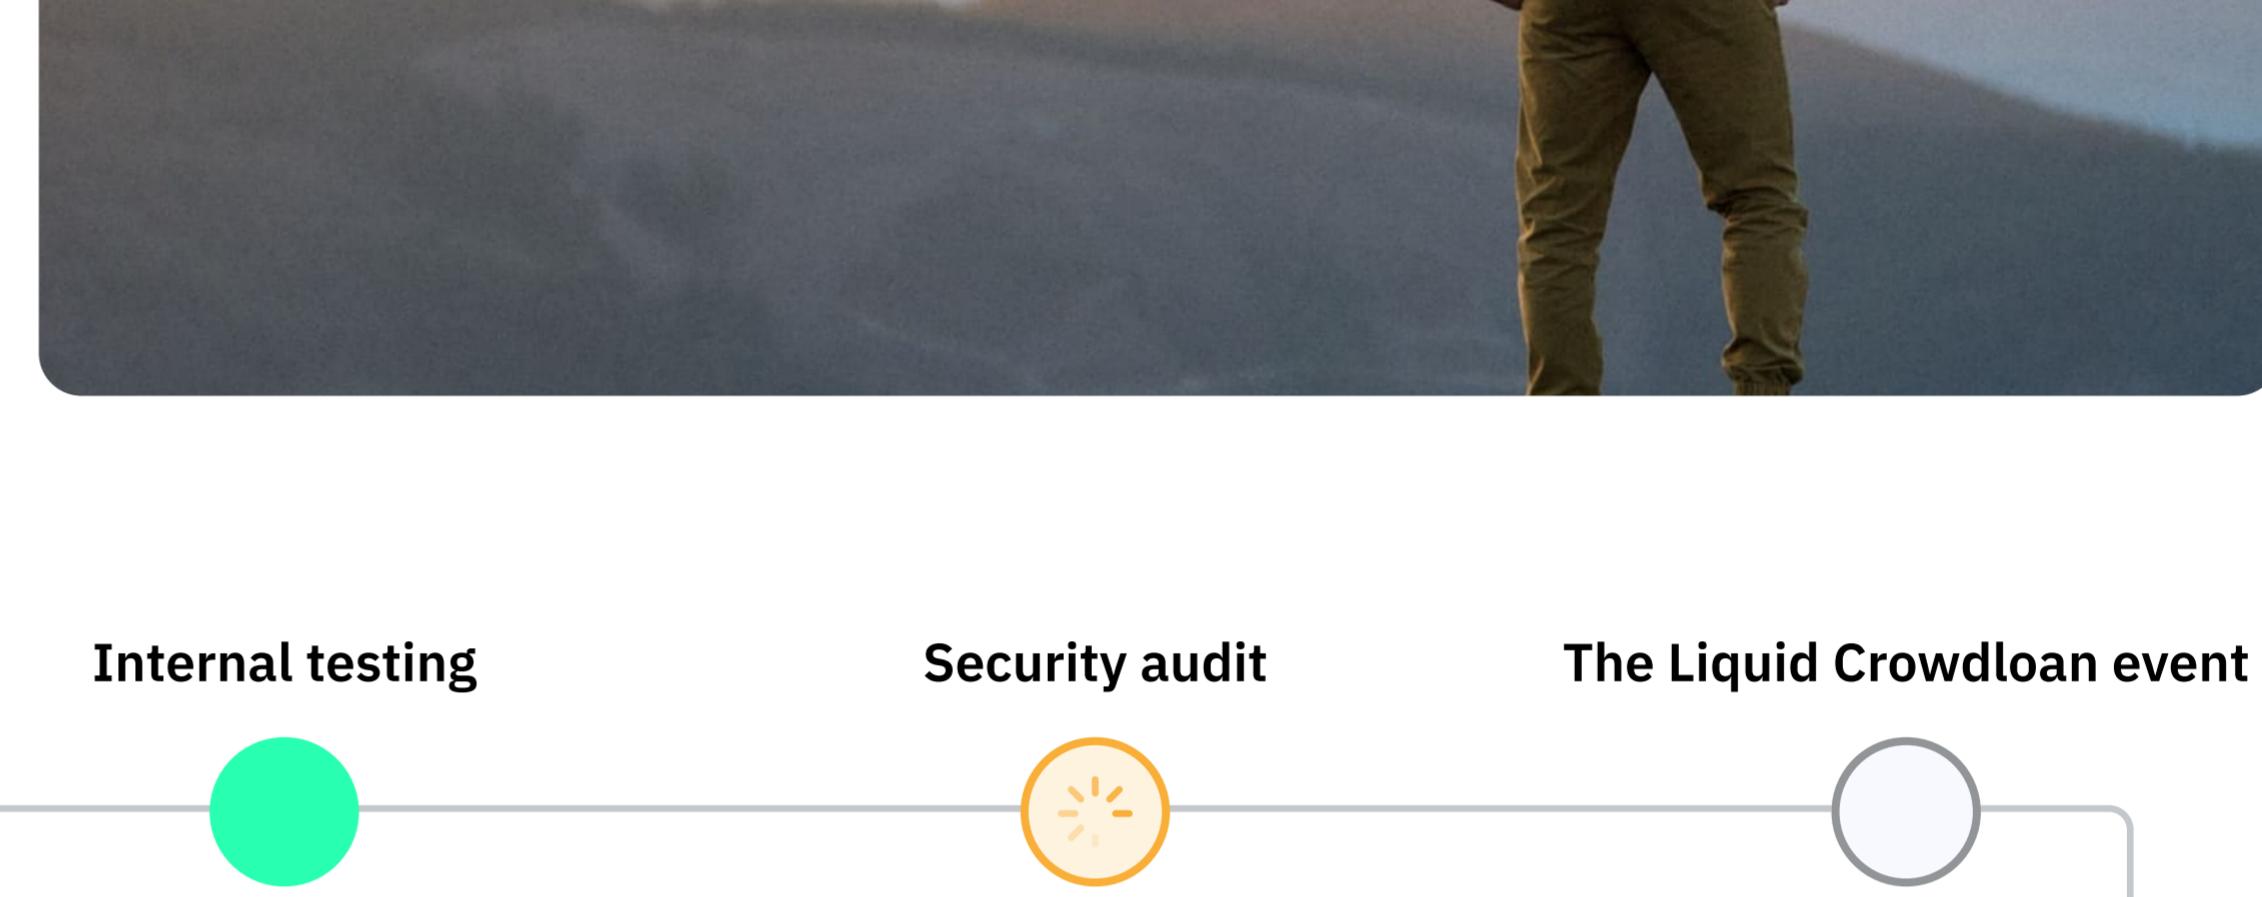

Transforming Finance, Redefining Freedom.

In a landscape often constrained by traditional financial norms, Algem sets out to revolutionize the way individuals perceive and experience financial freedom. Our commitment goes beyond conventional constraints, paving the way for a new era where financial decisions are not burdens but gateways to boundless possibilities.

The Algem vision is centered around the belief that finance should be accessible, transparent, and user-centered. By leveraging cutting-edge blockchain technology and innovative financial products, we aim to empower individuals to take control of their financial lives and make informed decisions that align with their values and goals.

Roadmap 2024

Algem's vision is empowering our users for a more flexible, mobile, and liberated life and the purpose of our roadmap is to achieve this ambitious vision

And this is just the beginning

Algem Apps is the new initiative of the Algem team. The goal of these sub-apps is to reinforce our main products and expand possibilities of our users.

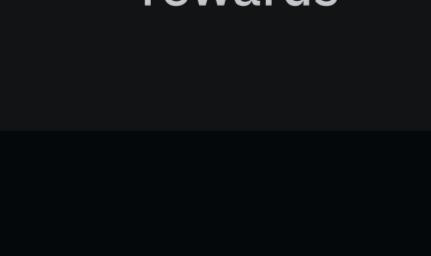

Stable Swap AMM

To ensure minimal price impact and slippage in Algem's liquid asset swaps

Hedging the staking position

To protect users from ASTR price drops during staking.

Staking yield trading

To enable trading of future staking rewards
